HOW TO HOMEWORK

This document will show you how to create a pdf file and submit your EE homework. The methods and formats provided in this document are just suggestions. You don't have to strictly follow this document to do your homework.

TOOLS

You can use Word to edit your homework. If you haven't installed it, our school provide legal copy of office2019 at https://software.lib.shanghaitech.edu.cn/Microsoft/.

SCREENSHOTS

You are not encouraged to take photos of your screen. Please take a screenshot instead. You can press WIN+Shift+S, then drag to select the screenshot area. After you have taken the screenshot, simply press Ctrl + V to paste it into your document

FORMULAS

Use 插入-公式 or press Alt + = to insert formulas. Enter 1/4, it will become $\frac{1}{4}$ after you press space. And i_R1 will become i_{R1}. These are LaTeX commands that will become very useful. You can check out more commands at https://www.bilibili.com/video/BV1Ya4y1v7pP.
